

Patio Mate - #19165 - 11'6" x 19'3" home attached system
11 panels - 45" wide x 75" high - Almond Top & Chestnut Frame

- The support bar on the inside of the screen panels is at center height for maximum panel stability
- Sliding door is standard on all Patio Mate systems
- Heavy duty galvanized steel metal frame with a baked on architectural finish to resist fading and rust - in white or chestnut brown.
- Standard panel height of 75"
- Roof grommets are inserted into each roof section to help avoid water accumulation.
- All panels are held together with a patented cable retainer system to assure solid construction.
- The room comes with a deck anchor kit to secure the unit against wind damage.
- Includes a threshold kit for each door opening to prevent tripping on entry or exit.
- This room is designed to be assembled within a couple of hours.
- The triple ply 11 ounce vinyl roof top is standard
- Color combinations of frame and top are as indicated above.
- Translucent privacy panels wind breaker panels are available. Simply snap them in behind the screen.
