Defective Parts

The manufacturer tries its best to minimize defective parts shipped with our products. Within 30 days from the time you purchase any of our products, we will replace - *free of charge* - any part which is defective. Your replacements will be shipped to your home by UPS Ground, also at no charge. **Damages from improper anchoring, strong winds, snow or ice are NOT considered defects.** Next-Day replacements will require shipping charges. In all cases it is the manufacturer that holds the warranty.

Improper Anchoring, Strong Winds, Snow or Ice - We do not guarantee these canopies in snow or ice under any circumstances. These canopies are designed to protect against damages caused by sun, rain, tree sap, birds, etc. They are not designed to hold the roof loads that accompany snow or ice. Canopies make excellent kites - if your canopy's not anchored securely, it will blow away. If your canopy takes flight we will not send free replacements. Anchoring is your responsibility. We offer several types of anchoring kits from temporary to semi-permanent. If you know that a strong weather front is coming - *remove the cover*. The cover is designed to be quickly and easily removed.

Certain areas are hard on covers of any kind. If you live in these areas (i.e. Florida, Texas, New Mexico, Arizona, Nevada or high altitudes) you probably already know how the sun can make life difficult. Normal wear and tear is not covered and should be expected. In order to receive a discount or free replacement you must return the defective cover to our warehouse for inspection before we send a replacement. **You must, in all cases, provide a copy of your receipt showing the date of purchase, model number and price. Damages caused by improper anchoring, strong winds, snow or ice are not considered defects.** We offer replacements at affordable prices.
