### Premium Quality

- The support bar on the inside of the screen panels is at center height on the door and 1/3 from the bottom on all other panels.
- This means that you have a clear line of sight when seated but the screen door is protected at the door handle.
- Smooth Rolling Sliding doors standard. Operating within a heavy duty PVC track, the nylon roller set in a stainless castings are designed for long life.
- 1" Galvanized steel roof rafters are standard, giving superior strength and durability
- The 5" overhang off the front of the system add elegance and functionality. It also supports a full rain gutter system, allowing you to direct the rain runoff to one side or the other, rather than pouring off the front of the unit.
- Roof tensioning system is built into the end of the roof rafters and is accessed from within the overhang using a large thumb nut for ease of operation.
- The combination of roof overhang, roof tensioning system and roof pitch means that water accumulation on the roof is virtually eliminated.
- All panels are bolted together. No silly cables or plastic pieces. The supplied hardware is stainless steel for maximum strength and weather-ability.
- The room MUST be screwed to a deck or patio. PVC brackets are supplied and slide into the underside of the frame extrusion. The bracket allows for a screw down on both sides of the extrusion.
- This is a very high quality, long lasting gazebo style room that is easily assembled within a few hours.
- Special system available for Trailers (no extra holes in your trailer wall)

**TESTIMONIAL :**

You sold me a Veranda Jordan screen room about 2 years ago. I worried about it standing up to heavy wind which we get here in Florida occasionally. This summer we were hit by three hurricanes and I removed the top of the screen room for all three. We had 100 mile an hour wind during 2 of the 3 hurricanes and I am happy to report that we had no damage whatsoever to our screen room ... I think this speaks very highly of the quality of this screen room and I have to tell you there is hardly a day that goes by that we don't thoroughly enjoy our screen room. Thought you would like to know. -- Joseph, Florida

## Warranty

Veranda Jardin Gazebo's and Screen Rooms are guaranteed free from all defects in workmanship and materials for a period of 1 (one) year following shipment of the unit from the factory. Due to the nature of the fiberglass screening used in these items, Veranda Jardin cannot guarantee the screen itself after the box has been opened. This warranty is void in the event the unit has been subject to abuse or incorrect assembly. Veranda Jardin is not responsible for damage caused by weather.
